

# Leadership Agility

## Merging Minds, Developing People

As our world turns upside down with the COVID-19 pandemic, most companies are reacting rather than responding. Organizations are forced to innovate and become more efficient, in adjusting to new ways of working. But in times of uncertainty, business agility provides stability - a way to manage change and respond productively.

One of the biggest challenges is leadership style. As a leader, you need to model behavior exemplifying the agile mindset. This program prepares the leaders to adopt an agile transformation to reap the following long term outcomes.

## Training Objectives
