LEADERSHIP DEVELOPMENT PROGRAM

In today's rapidly evolving business landscape, organizations need leaders who can inspire people, navigate complexity, drive performance, and lead change with confidence.

The Leadership Development Programme is a comprehensive modular learning journey designed to develop leaders over several months through a structured and progressive development pathway.

Combining leadership workshops, psychometric profiling, competency assessments, individual coaching, action learning, and workplace application, the programme enables leaders to build sustainable leadership capabilities while addressing real business and people challenges.

Objectives

- **Strengthen self-awareness and emotional intelligence to enhance personal leadership effectiveness**
- **Build resilience and apply practical communication strategies in managing daily and challenging situations with confidence**
- **Apply active listening and empathy techniques to establish trust**

Highlighted Modules

1. **Leading with Emotional Intelligence**
2. **Influence & Stakeholder Engagement**
3. **Building and Leading High-Performing Teams**
4. **Business Simulations**
